

Subject: Introduction letter

In The Name Of God

Respectfully, it is hereby announced that the company "Borna Energy Arvand" was registered in the Arvand Free Zone in 1394 (Iranian calendar year) and is engaged in the business of exporting and importing authorized goods with the aim of supplying industrial equipment for all sectors including oil, gas, petrochemicals, refineries, steel, shipping, drilling, mining, and power plants.

Currently, this company, with its specialized technical staff and commercial partners, is providing services to the industries of the country in the fields of engineering, equipment procurement, installation and warranty, certificate of origin, as well as supplying SKF, FAG, NKE bearings, and other reputable global brands. It is worth mentioning that the NKE brand is imported by this company.

Therefore, we hereby declare our readiness to supply various types of bearings in different sizes and grades, as well as rubber parts (O-rings, felt seals, etc.).

Additionally, we offer industrial lubricants, power transmission oils from brands such as SKF, SHELL, TOTAL, NYNAS, FUCHS, and other foreign brands.

It is worth mentioning that Borna Energy Arvand is a member of the Iranian Petroleum Ministry's (EP) list and has an Iran code.

At the end of this letter, a list of companies collaborating with this company is attached in the table. Please conduct the necessary investigations and send your relevant requests to this company.

We hope that with beneficial cooperation in the future, we can contribute to the improvement and progress of our goals.
